Build Up Your Soil INOCULATE YOUR LEGUMES With

LEGUME-AID or

Make the most of your seed, soil and labor. Don't let legumes rob your soil! If not properly inoculated, legumes "steal" fertility from the soil. If inoculated with Legume-Aid or Nitragin, they draw fertility from the air...grow faster, heavier...make more and richer feed...return more nitrogen and organic matter to the soil...protect and build up the soil. The cheapest legume crop insurance money can buy is NITRAGIN or LEGUME-AID!

COTTON SEED

Recleaned and New, Branded 100 lb. Cotton Bags

D. & P. L. 12 (DELTAPINE 12)

FOUNDATION (Originator's Stock) SEED

We are distributors for Ala. and Fla. for the breeders, The Delta & Pine Land Company, of this outstanding variety of cotton which averages 1 1/32" to 1 1/8" staple and 40.6% to 44% lint. D. & P. L. 12 has been on the market only one year. It has made a wonderful record at most Experiment Stations on non-wilt and wilt lands. All seed are DELINTED, CERESAN-TREATED and sacked in METAL SEALED BAGS. D. & P. L. leads at more Experimental Stations and is used in more one-variety communities and on more farms than any other cotton. If you want to make the most money raising cotton, get started with D. & P. L. 12.

ORDER NOW, or you may fail to get seed. The supply is very limited.

	100 lb.	500 lb.	2000 lb.
F. O. B. Darlington, Ala.	\$8.00	\$7.75	\$7.50

We also offer as long as they last:

Coker's Clevevilt 7 (1st.yr.)	4.50	4.35	4.25
-------------------------------	------	------	------

(These seed are machine recleaned. We will treat them with 2% Ceresan if requested. This will add 40c cwt. to the price, but it is well worth it. We urge all farmers to plant Ceresan-treated seed.)

2% CERESAN

Pays Big on Cotton Seed. Experiment Stations recommend it to improve stands and increase yields. Also fine for peanuts. See GFA Peanut Ass'n literature or write Ga. Experiment Station, Experiment, Ga., for Circular 131. See "over" for prices. Order early to be sure to have 2% Ceresan when you need it. Ask for folder about it.

Extra Fancy, per lb.	\$0.75	\$0.65	\$0.62	\$0.60
Fancy, per lb.	.70	.60	.57	.55

(Lappacea is a relative of White Dutch, Hop, etc. and a very fine winter and spring pasture clover, especially for the heavier soils. Lappacea gives grazing about a month longer than most spring clovers. Prices are now cheaper than ever. Our seed thoroughly recleaned.)
